

Mr. President Donald J Trump

You promised us you would "MAKE AMERICA GREAT AGAIN".

Please start here.

"MAKE THE UNITED STATES JUSTICE DEPARTMENT GREAT AGAIN".

I WANT YOU TO PRESERVE MY CONSTITUTIONAL RIGHT TO FREE SPEECH.

The right I thought I already had because I thought it was guaranteed by the constitution of my United States of America. A country of which I am a citizen. My right to express my beliefs and ideas without government restrictions and without having to be "politically correct". Not just for me but for generations to come.

The "establishment" is censoring authors, speakers and ordinary citizens.

Which opinions are valuable and which are worthless are now being determined by the "establishment".

I am asking you to correct injustices that have been done by the "establishment" before you got here.

Please restore my right to free speech. I would ask you to start by reviewing the case of Kevin Trudeau.

Kevin Trudeau is currently serving a 10-year federal prison sentence for expressing his freedom of speech rights by writing and publishing a book, just writing and publishing a book.

Mr. President,

Kevin Trudeau did not commit a "crime"  
Kevin Trudeau was not charged with a "crime"  
Kevin Trudeau was not convicted of a "crime"  
Kevin Trudeau was not ordered to pay a fine  
Kevin Trudeau was not ordered to pay anyone restitution

Kevin Trudeau simply published a book in America.

This is not a "crime", yet he has been locked up in a Federal prison for over 3 years already.

Like You, Kevin Trudeau has employed a LOT of people.  
Just Like you, Kevin Trudeau is a NY times #1 best-selling author.

Kevin cannot get out of the Federal prison where the "establishment" put him, by himself.

Kevin Trudeau needs your help.

Only you, President Donald J Trump, can reverse the trend by the "establishment" in America, of taking away our rights. Once our right of free speech, and those of your family, is gone, you and I will no longer be able to speak out and the rest of our rights will fall like a stack of domino's because it will be "illegal" to speak out.

I am asking you to please take some of your very valuable time and review the strange case of Kevin Trudeau as soon as possible.

Please restore Kevin's right to free speech which was so sadly taken away unfairly.

Release Kevin Trudeau back into society where he belongs and can and will be the useful and productive citizen he has always been.

Yours sincerely
